## COVID-19 Statement

March 20, 2020

To our valued clients and business partners,

After careful consideration, CJW has decided to implement a work from home policy for our team members in response to the COVID-19 virus. The safety of our team members, their families, our clients, and our community is of utmost importance and we believe this is the best course of action to help in mitigating the spread of this virus.

We have been working over the past week to prepare all our team members to work remotely in order to ensure that all our clients receive the same high level of service they are accustomed to. Each member of the CJW team will have the ability to continue work on all our current and upcoming projects and we will strive to make sure all project deadlines are met.

Our team members will be available by email or phone and meetings can be arranged through teleconferencing. We appreciate your understanding as we employ our COVID-19 contingency plan in an effort to protect the health and safety of our team, clients, and community.

Sincerely,

C. Jay Wynn, P.E., PTOE
